### Post reply

[quote author=whatevah link=topic=9364.msg168700#msg168700 date=1258690697]  
oh, I believe you can turn that back on: <http://captalk.net/index.php?action=profile;area=theme> it's the option for "Show WYSIWYG editor on post page by default."  
[/quote]  
That didn't fix it.]
