

OH, THAT'S NOT ALL!

THERE'S
MORE?

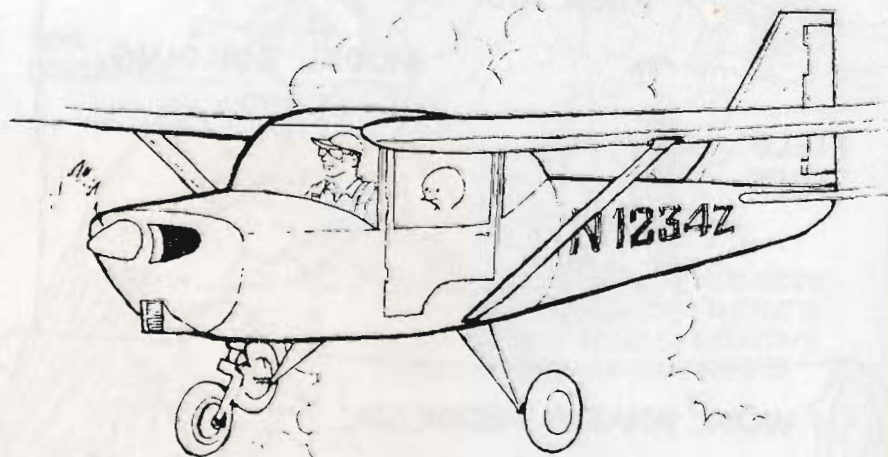

CERTAINLY, THERE'S FLYING!

FLYING!

OH BOY! WOULD I
GET TO FLY?

YOU COULD. ORIENTATION FLIGHTS ARE
GIVEN IN CAP AND USAF AIRPLANES IN
ORDER TO GIVE YOU AN OPPORTUNITY
TO SEE WHAT FLYING IS LIKE!

"THAT'S GREAT, BUT WOULD I ACTUALLY FLY MYSELF?"

**IT'S VERY
POSSIBLE!**

BUT YOU CAN'T JUST WALK
IN UNPREPARED. YOU
FIRST HAVE TO BE AT LEAST
16 YEARS OLD, PHYSICAL-
LY FIT, AND COMPLETE A
MINIMUM AMOUNT OF
CADET TRAINING. YOUR
LOCAL AREA OR STATE
MAY HAVE A SOLO FLY-
ING PROGRAM & THERE
ARE FLIGHT SCHOLAR-
SHIPS OR LOW COST
FLIGHT TRAINING PRO-
GRAMS AVAILABLE. HOW
DO YOU THINK SOME OF
THE ASTRONAUTS GOT
STARTED?

WOW!!.....IMAGINE ME... AN ASTRONAUT !!
