WHAT

Children with disabilities and children without disabilities will have the chance to mingle at a summer picnic, hosted by Arc of Onondaga and Boys & Girls Clubs of Syracuse. The event, aimed at breaking down barriers, will offer free food and games and an opportunity for the children to interact. Free transportation is being offered by A&E Transport Services to enable underserved children and their parents to enjoy the event as well.

WHY

Children of all ages, both with and without disabilities and of all backgrounds, deserve opportunities to interact with peers and have fun. This picnic, aimed at developing these important friendships, is being generously sponsored by Grandstand Sales, Inc. and Joe Grabowski Catering. With this picnic, Boys and Girls Clubs of Syracuse and Arc of Onondaga are beginning a partnership to foster these relationships between children with and without disabilities.
